

Howdy Neighbor...

Spring has been beautiful so far, and Point Richmond is buzzing.

Traffic on the Agenda

Our General PRNC Membership Meeting on Wednesday, June 25th will be an important one.

Senior engineer Hillal Hamdan of the City of Richmond's Public Works Department and Ian Barnes of engineering firm Fehr & Peers will be speaking about the use of Point Richmond as a cut through for bridge and parkway traffic. They will discuss city and district efforts to end gridlock in The Point and offer comments regarding the bridge and toll-booth backup, including traffic patterns, navigation apps, and road markings.

Music in the Air

The PRNC once again is a sponsor of the annual Point Richmond Music Festival, which started on the Friday the 13th. The first concert was, as usual, a rousing success, and kudos go out to the music festival board, volunteers, and the team from Richmond Public Works that work together to make it happen.

These events have a lot of moving parts and are time consuming to produce, so their work is really appreciated.

For more information about the rest of the 2025 music series visit the 2025 schedule page on Point Richmond Music Festival's website.

Triangle Spruce Up

The gardening project to continue the renovation of the town triangle, a joint project of Women's Westside Improvement Club and the PRNC, is scheduled to begin next month. It will continue throughout the summer.

We look forward to seeing you on Wednesday, June 25th at 7:30 for our June PRNC General Meeting via the magic of Zoom.

Philip Rosenthal

President – Point Richmond Neighborhood Council

The PRNC and LUDRC are advisory-only capacity and cannot approve or deny anything beyond "Recommendations for Development" to the City of Richmond. Our role is to mitigate conflict at the local level.
